

MAYOR TO RELIEVE ALDERMEN OF THE NEWSSTAND PERMITS

Can't Expect Policemen to Be Honest When There's Graft in This, He Says.

Mayor Gaylor will no longer authorize the issuance of newsstand licenses until an investigation is made in each case or the Mayor is satisfied of the probity of the Aldermen granting the permit. He said so today in a letter to Alderman Courlandt Nicoll, a nephew of Delancy Nicoll, and added:

"I do not know how I can expect policemen to be honest when they know that many, if not most, members of the Board of Aldermen, are selling the licenses for newsstands and the like throughout the city, through go-betweens, at prices from \$2,500 down to \$25. I have had to put up with it, but hereafter I think I shall permit none of these licenses to be issued by the License Bureau without a full examination, except in the case of Aldermen of known probity like yourself."

The Mayor's letter was called forth by one which Alderman Nicoll had addressed to him detailing a new plan he intended to introduce in his district for doing out stand permits. The Alderman suggested that the plan was worth considering by Chief Wallace of the Bureau of Licenses.

Commenting on this in his letter to the Alderman, the Mayor wrote:

"I think your method is very admirable. You will bear witness that when I called the attention of the Board of Aldermen to the general selling of these licenses by Aldermen, I took care to say that I had the utmost confidence in some members of the board, and I need not assure you that you were one of those whom I had in mind."

At the next meeting of the Board of Aldermen Nicoll and O. Grant Estabrook, heading a committee of five, will cause the introduction of a resolution contemplating removing the stand permit-giving power of the City Fathers and investing the power in the Bureau of Licenses. Toward this end the committee has been in communication with Acting Commissioner of Accounts Rice, requesting his co-operation in making a full investigation of the permit abuses by members of the board and in drawing up a plan which will eliminate those abuses. Mr. Rice has promised his aid and will give a series of hearings on the subject.

60,000 Gallons of Oil Burned.
ROCHESTER, N. Y., Sept. 4.—Sparks set fire to the plant of the Monroe County Oil plant early to-day and a series of explosions followed, blowing the dome off an 800 gallon tank of benzine and destroying other tanks. Forty thousand gallons of benzine, illuminating and lubricating oils were burned. Several trains of oil tanks and coal standing on nearby tracks caught fire, but were hauled to safety. The damage was about \$100,000.

Montana Will Issue Ticket.
GRAND FALLS, Mont., Sept. 4.—Montana Republicans are meeting here today to nominate a State ticket. It is estimated that F. H. Cheney, editor of the Grand Falls Leader, will be nominated for Governor without opposition, and that Associate Justice Henry C. Smith will be nominated for United States Senator.

Burned His Heavy Sweaters.
GARDEN CITY, Nev., Sept. 4.—The night storm which covered the range of here to a depth of several feet,

MRS. J. B. CONVERSE DEAD AFTER A LONG ILLNESS.

Passes Away Two Days After Sister-in-Law and There Will Be Double Funeral.

(Special to The Evening World.)
GREENWICH, Conn., Sept. 5.—Mrs. James B. Converse died at her home on the Converse Manor estate of Edmund C. Converse at 4 o'clock this morning, exactly two days after the death of her sister-in-law, Mrs. Edmund C. Converse, in a residence adjoining on the same estate. Although she had been a partial invalid for some years and was operated upon abroad four years ago for stomach trouble, she was not critically ill until the death of her sister-in-law. The anxiety and subsequent shock was

paid by the family this morning to be the direct cause of her death. Mrs. James Converse's husband died a score of years ago. He had been associated with his brother, Edmund C. Converse, in business in Pittsburgh. There are no children. There will probably be a double funeral to-morrow.

FOG MAY CAUSE DEATH.

In the heavy fog that settled on Brooklyn early to-day, Albert Stutz, 403-7th Ave., slipped on the fourth step of the stoop of his home at No. 318 Schermerhorn street and fell backwards. Policeman McQuade, who was across the street, ran over and found the man unconscious. Dr. Shields took Stutz to the Brooklyn Hospital. The fall on the wet steps had fractured his skull. It is thought he will die.

A SAFE FAMILY REMEDY FOR COLDS AND BODY BUILDING

Father John's Medicine is a physician's prescription. Prescribed for the Rev. Father John O'Brien of Lowell, Mass., by an eminent specialist in 1855.

Father John recommended this prescription to his parishioners and friends and in this way it became known as Father John's Medicine.

This story is true, and we guarantee to give \$25,000.00 to any charitable institution if shown otherwise.

Father John's Medicine will cure coughs, colds and all throat and lung troubles, prevent consumption, and make flesh and strength if taken faithfully. It is not a patent medicine, and does not contain alcohol or poisonous drugs.

RIKER AND HEGEMAN DRUG STORES

The Mouth of the Child

Is the gateway to his body—the avenue of entrance for more than two-thirds of all the dread diseases which endanger his life. All things that make life—air, food, drink—pass through the mouth. It is the way in, and it is the way in for the microbes that bear the terror-striking names of diphtheria, scarlet fever, tonsillitis, pneumonia. The gums, the throat—every moment of life these are exposed to contagion. At play or at school, at home or in the streets, the dread germs rise ready to inflict disease and disaster on the young life.

Nature has fortified the mouth wonderfully, but despite all her work disease frequently finds lodging. You can teach your child to help Nature to defend his life. A good dentist—a good toothbrush—a good dentifrice—constant care and cleanliness. The teeth should be brushed clean after each meal. Night and morning they should be scrubbed. The mouth and throat should be washed as often as the face. Only by this constant care can health be maintained.

Riker and Hegeman manufacture a dentifrice that is thoroughly antiseptic. It removes all impurities from the teeth and leaves the mouth surgically clean. It refreshes the membrane of the mouth and sweetens the breath. Put up in four different forms. One will surely suit your child's individual taste, as one will surely suit your own. Inexpensive, "the highest quality at the lowest price."

Riker's Antiseptic Tooth Paste—A cleansing antiseptic paste recommended for its prophylactic properties. The tube..... 15c

Riker's Antiseptic Tooth Powder—Put up in sanitary tin can to sprinkle freely without can touching brush. The tin..... 15c

Beauty Is in Disguise

under a heavy coat of tan and freckles. The freedom of summer outdoor life and the exposure to sun and wind have given new vitality to the skin and added brilliancy and glow. But this is now all hiding under the bronze mask.

Albo Bleach is invaluable in restoring the face to its natural color after exposure to the sun and wind. First it acts as a wonderful cleanser, freeing the pores of every particle of dirt. Then it whitens and beautifies the skin.

After a thorough cleansing with Riker's cold cream, Albo Bleach should be rubbed over the surface of the skin with a piece of absorbent cotton.

A daily application of Albo Bleach will insure absolute whiteness of the skin and a general livening up and betterment of its texture and coloring. The bottle..... 50c

The Tooth Brush

should agree with your teeth. Scientifically constructed tooth brushes, like the Riker "Special" brush, are designed in different styles, shapes, sizes and degrees of stiffness in the bristles in order that the purchaser may get just the brush that is right for his teeth. The enamel on the teeth varies in firmness and durability; in some, the teeth are closely set, while in others there is space between each tooth and its neighbors. These different conditions require different kinds of brushes. Your own experience and your dentist's advice will guide you in the selection of the right sort of brush.

There is a Riker "Special" Brush to suit every dental need. The brush is manufactured under our supervision, and we know that the bone and the bristles out of which the brush is made are the best quality. We know that the brushes are made carefully, skillfully and under hygienic conditions. Every brush bears the Riker and Hegeman guarantee.

- Riker Special Tooth Brush—large and small, soft, medium and hard bristles, best bone handle..... 35c
- Riker Special Tooth Brush—very stiff, unbleached bristles..... 35c

- Riker's "20" Tooth Brush—extra quality bristles, excellent bone handle..... 20c
- "Ventaseptic" Tooth Brush—4 rows pure bristles, open back very sanitary..... 25c
- Other Brushes by the best American, English and French makers; up from..... 15c

Student's Box

Goodlooking. Brown leatherette with brass trimmings. Inside is room for books or papers. A separate latched section for lunch, specimens, etc.
A Riker and Hegeman Special..... 48c

A Remarkable New Candy Billie Burke Chocolates

They are made by Guth, the creator of the famous "Chocolates Au Guth."

50c

"I have never tasted such splendid chocolates. And the fillings are quite wonderful—a surprise in every bite. I'm proud to have them bear my name, and I hope you'll enjoy them as much as I do. Billie Burke."

YOU will find "Billie Burke" the most temptingly delicious chocolate candies you have ever tasted. A special blend of chocolate is used for them and the fillings are entirely original. The New Candy! The Candy of Novelty!

Try, for instance, this maraschino paste chocolate. It is made of the finest Queen Anne Cherries from the South of France, steeped in maraschino cordial, minutely crushed, smoothed, strained, mixed with the best sugar and converted into a delicious jelly. It is then dipped by hand into the chocolate, the correct size painstakingly estimated and even the pretty little curlicue on top—which may seem an accident—has been carefully designed with an eye to the general artistic effect of the completed box.

There are fifty-one candies in a pound box of "Billie Burke"—more than in any other pound of assorted chocolates on the market—and each one candy has been given the same individual study and careful attention as to shape, mould, decoration and filling. Each candy is packed in its own fluted white paper cup; smooth, rich brown, shining and tempting.

We expect to sell a half million boxes of "Billie Burke" Chocolates the first year. That is the only reason we can afford to offer them at so small a price..... 50c

"Billie Burke" is to be had in the United States only at Riker and Hegeman stores.

A most astonishingly good candy at any price—better than most 80c chocolates. A wonderful achievement at 50c a pound. If you will stop in at any one of our stores we will be very glad to have you taste our "Billie Burke" Chocolates. The clerk will open a fresh box for you that you may see how attractively they are packed. You may select the exact chocolate piece you prefer.

Midday Lunch for Students

Lack of nourishment means lack of brains. Be sure to put proper food into the stomach of the school child and he will stand a better chance of getting something worth while out of his head. Mothers must be especially careful about the food of the school children.

An egg chocolate, malted milk with the favorite flavor, a rich milk drink, is a tasty, appetizing, nutritious lunch, and gives plenty of time for necessary exercise during noon recess.

For After-School Refreshment try an original delicious sundae or a plain soda—which in the Riker and Hegeman Store is served with pure cream, yet costs only 5c. Try this week's special—

"French Chocolate Sundae," only..... 10c

The richest, purest, best flavored ice cream—which we make ourselves—dressed with a delicious chocolate sauce which is made according to a special recipe and will delight the hundreds who seek "true" chocolate.
